

# CCA

## INFORMATION BOOKLET

**Starts from 3PM**

When School Can Physically Open

[ANNEHILL.SCHOOL/CCA-FEES](https://annehill.school/cca-fees)

# OVERVIEW

For timetables by year level, please refer to <https://annehill.school/cca-fees/>

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
<b>3 PM</b>	Football <hr/> Ukulele (Basic) <hr/> Robotics <hr/> After School Care	Football <hr/> Body Percussion (Advanced) <hr/> Chess (Basic) <hr/> After School Care	Life Sciences <hr/> Ukulele (Advanced) <hr/> Arts & Crafts <hr/> After School Care	Chess (Advanced) <hr/> Arts & Crafts <hr/> Singing <hr/> After School Care	Body Percussion (Basic) <hr/> Yoga Class <hr/> After School Care
<b>3:30 PM</b>	Speech & Drama	Speech & Drama			Speech & Drama
<b>4 PM</b>			Electric Circuits	Electric Circuits <hr/> Music & Movement	3D Design
<b>4:15 PM</b>	Vietnamese Language		Vietnamese Language		

## NOTES:

- The duration of **Speech & Drama** and **Arts & Crafts** is 1.5 hours for each course. The duration of other courses is 1 hour.
- Depending on each CCA programme, there will be a total of 8, 9 or 18 sessions.
- Only one CCA can be selected per day.
- The activities will take place at Anne Hill International School or Anne Hill Enrichment Centre depending on the course. Please refer to the programme descriptions for more details.

YEAR 1 - 4

# 3D DESIGN

## CONDUCTED BY ROBOFOX

### ABOUT THE PROGRAMME

★ In collaboration with Robofox, we offer this programme to teach our students how to use and design with a 3D pen - a pen that extrudes heated or warm plastic from the pen's nozzle.

★ With a 3D pen, students can draw a raised graphic on a piece of paper or any flat surface. But what makes a 3D pen truly unique is its ability to "draw" in mid-air, allowing our young learners to instantly form 3D structures right in front of them, which they can pick up and hold in their hand.

### SKILLS & BENEFITS

- Creativity
- Critical Thinking
- Design Thinking
- Communication and Collaboration

### INFORMATION

**Partner / Instructor** Robofox

**Year Level** Year 1 - 4

**Location** AHE Centre

**Time** 4 PM on Fridays  
(1 hour / session)

## INFORMATION

**Partner / Instructor**  
Mr. Mauricio Camacho

**Year Level** Year 1 - 4

**Location** AHI School

**Time** 3 PM on Thursdays  
(1 hour / session)

## ABOUT THE PROGRAMME

★ With the help of singing lessons, students will be able to depict the uniqueness of their personality and thus, build a better connection with the audience. Our young learners can work on **developing their sounds along with conveying the emotions of the song through their voices**. They will also learn to add-in little nuances that are uniquely them.

★ Mr. Mauricio Camacho is a professional singer/ composer born in Cali, Colombia and was the former singer of the successful rock band TOKE DE KEDA with more than 1.000 shows nationwide. He has shared the stage with the most famous Latin-American artists. His songs became No.1 hit in the charts of the radio stations of modern music and ballad pop rock in Latin America.

## SKILLS & BENEFITS

- Lung Function
- Memory Improvement
- Performing Confidence
- Posture Improvement
- Better Speaking Abilities

# SINGING

YEAR 1 - 4

YEAR 1 - 4

# FOOTBALL

## CONDUCTED BY BIFA

### ABOUT THE PROGRAMME

★ Our after school football programme will be conducted by the Brazilian International Football Academy (BIFA). This is a programme designed to bring **fun**, **promote personal values** and **improve motor skills** through football. Students will learn various skill sets to play the sport and become competent with the ball.

★ BIFA is a professional football training academy based in Ho Chi Minh City. Its philosophy focuses on training young players to become technically skilled and possess physical coordination to excel and collaborate in game situations.

### SKILLS & BENEFITS

- Social Skills
- Self-esteem
- Teamwork and Sharing
- Discipline
- Concentration
- Football Skills & Coordination

Mr. Mauricio Camacho

**Year Level**  
**Basic Level:** Year 1 - 4  
**Advanced Level:** Year 2 - 4

**Location** AHI School

**Time** (1 hour / session)

**Basic Level**  
3 PM on Fridays

**Advanced Level**  
3 PM on Tuesdays

## ABOUT THE PROGRAMME

★ Practiced regularly, body percussion will help young students to internalise their **ability to feel the music** and **stay in time**. Body percussion is also great for learning **complex rhythms**, for example, syncopation makes a clave rhythm challenging, but breaking it down using stamps and claps helps to bring the pattern to life.

★ Mr. Mauricio Camacho is a professional singer/ composer born in Cali, Colombia and was the former singer of the successful rock band TOKE DE KEDA with more than 1.000 shows nationwide. He has shared the stage with the most famous Latin-American artists. His songs became No.1 hit in the charts of the radio stations of modern music and ballad pop rock in Latin America.

## SKILLS & BENEFITS

- Concentration
- Social Skills
- Sense of Community
- Creative Expression

# BODY PERCUSSION

YEAR 1 - 4

$2x - 3 = 7$

YEAR 1 - 4

# CHESS

## ABOUT THE PROGRAMME

★ Chess is a **game of strategy and tactics**. It teaches one to think about the outcome of their actions and to plan strategically in order to overcome the opponent. Each player has an army consisting of a king, a queen, two rooks, two bishops, two knights and eight pawns. The aim of the game is to trap your opponent's king, which is called Checkmate.

★ Besides, Chess is able to teach our children many more skills, such as accepting defeat and being humble in winning.

## ACHIEVED SKILLS

- Strategic Thinking
- Sportsmanship
- Expressive Communication
- Problem Solving
- Creative Thinking
- Interaction and Engagement

## SKILLS & BENEFITS

**Partner / Instructor** Mr. Girard Guevara

**Year Level**

**Basic Level:** Year 1 - 4

**Advanced Level:** Year 1 - 4

**Location** AHI School

**Time** (1 hour / session)

**Basic Level**

3 PM on Tuesdays

**Advanced Level**

3 PM on Thursdays

### INFORMATION

**Partner / Instructor** Robofox

**Year Level** Year 1 - 4

**Location** AHE Centre

**Time** (1 hour / session)

**Year 1 - 2**

4 PM on Wednesdays

**Year 3 - 4**

4 PM on Thursdays

### ABOUT THE PROGRAMME

★ Attending this programme, students will be able to learn about **electricity and some basic physics concepts and phenomena**. Every week they will design new devices using educational electrical snap-parts such as light-sensor, sound sensor, lamps, whistle-chip, antenna, and many others. Snap-circuit sets are provided. This programme strongly contributes to core curriculum mastering in counting, reading, understanding the world around us, basic science and so on.

★ We are proud to collaborate with Robofox to offer this unique and absolutely new programme to help children get essential skills and knowledge which are highly demanded today and extremely demanded tomorrow.

### SKILLS & BENEFITS

- Innovation
- Problem Solving
- Essential Skills In Electric Circuits
- Essential Knowledge In Electric Circuits

# ELECTRIC CIRCUITS

## CONDUCTED BY ROBOFOX

YEAR 1 - 4

YEAR 1 - 4

# ARTS & CRAFTS

## CONDUCTED BY GLOBAL ART

### ABOUT THE PROGRAMME

★ Art enhances creativity in children allowing them to learn, explore and discover new 'frontiers' of thinking and doing things differently!

★ In this class, students will be able to learn how to paint and draw; besides, crafts will also be taught from time to time. Through our art enrichment course, young learners will improve and reinforce their discipline of learning, creative expression and artistic abilities, optimising their learning experience and inner potential in life.

★ Since 1999, Global Art Creative Learning Methodology has been nurturing and developing children's creativity throughout the world.

### SKILLS & BENEFITS

- Discipline
- Creative Expression
- Concentration
- Artistic Ability

### INFORMATION

**Partner / Instructor** Global Art

**Year Level** Year 1 - 4

**Location** AHI School

**Time** (1.5 hours / session)

**Year 1 - 2**

3 PM on Wednesdays

**Year 3 - 4**

3 PM on Thursdays

### INFORMATION

**Partner / Instructor**

**Mr. Joshua Puckett**

**Year Level** Year 1 - 4

**Location** AHI School

**Time** 3 PM on Wednesdays  
(1 hour / session)

### ABOUT THE PROGRAMME

★ In our class students will study how plants grow, what they need to survive, and why it can be so difficult to keep them alive in our homes in Ho Chi Minh City. We will then **study and build a solution to these difficulties in a "Soilless Aquaponic System"** that uses fish to get the nutrients needed to grow fruits, vegetables, or even flowers in nearly any sunny environment!

★ This class will **include both biological science and mechanical engineering**, keeping every day different, hands-on and action packed.

### SKILLS & BENEFITS

- Teamwork
- Organic and Nutritional Benefits of Pesticide-free Crops
- Reducing The Planet's Carbon Footprint
- The Eco-system Knowledge
- The Agricultural Ecosystem Knowledge
- Minimising Water Input for Similar Output of Crops

# LIFE SCIENCES

## BOTANY IN THE CITY

YEAR 1 - 4

YEAR 1 - 4

# MUSIC & MOVEMENT

## ABOUT THE PROGRAMME

★ Music & Movement is a fun and dynamic programme that **incorporates elements of music, dance, singing, fitness and games**. Through songs, choreography and movement, students are given a chance to develop their strength, balance, rhythm, coordination and flexibility. Besides physical skills, the programme also encourages students to express themselves in a positive and nurturing environment. Interpersonal skills, confidence and self-esteem are essential for children as they grow older.

## SKILLS & BENEFITS

- Interpersonal Skills
- Self-Esteem
- Confidence
- Concentration

## INFORMATION

**Partner / Instructor** Mr. Keoni Lambert

**Year Level** Year 1 - 4

**Location** AHE Centre

**Time** 4 PM on Thursdays  
(1 hour / session)

## INFORMATION

**Partner / Instructor**

**Mr. Joshua Puckett**

**Year Level** Year 1 - 4

**Location** AHI School

**Time** 3 PM on Mondays  
(1 hour / session)

## ABOUT THE PROGRAMME

★ Introduction to Robotics will be a hands-on class where students learn the most **basic fundamentals of Hardware and Software design**. We will utilise the "Arduino Uno Development Board" as a technical basis to explore the possibilities in the robotics world and how they can apply their creativity to it. This course is designed for absolute beginners with no experience needed.

★ This course will be instructed by Mr. Joshua Puckett who is a teacher and an engineer originally from Washington DC and he has been living in Vietnam for 5 years. His loves of Science, Engineering and Critical Thinking have led him to share his passion and knowledge to edify and benefit his young students.

## SKILLS & BENEFITS

- Teamwork
- Self-esteem
- Troubleshooting Skills
- Coding
- Math and Science
- The Ability to Fail and Persevere

# ROBOTICS

YEAR 1 - 4

$$2x - 3 = 7$$

YEAR 1 - 3

# SPEECH & DRAMA

## ABOUT THE PROGRAMME

★ Speech and Drama is designed to tap into children's personal growth in representational and conceptual thought, language and communication, physical, social and emotional skills.

★ We are proud to bring **Julia Gabriel** Speech & Drama Programmes to Vietnam. Julia Gabriel's unique EduDrama methodology has empowered thousands of students to enjoy language and become effective communicators.

## ACHIEVED SKILLS

- Public Speaking
- Empathy
- Expressive Communication
- Problem Solving
- Creative Thinking
- Interaction and Engagement

## SKILLS & BENEFITS

### Partner / Instructor

Mr. John Li / Mr. Matty Canton

**Year Level** Year 1 - 3

**Location** AHE Centre

**Time** (1.5 hours / session)

### Year 1

3.30 PM on Mondays

### Year 2

3.30 PM on Tuesdays

### Year 3

3.30 PM on Fridays

**Partner / Instructor**

**AHI Teachers /  
Teaching Assistants**

**Year Level** Year 1 - 4

**Location**

AHI School (3 - 5 PM)

AHE Centre (5 - 7 PM)

**Time**

From 3 PM onwards

Every School Day

## ABOUT THE PROGRAMME

★ The After School Care will include homework supervision, some activities such as Arts & Crafts, reading in the library, Lego play and outdoor play.

★ Parents may register for the After School Care service in advance if they are not enrolling their child for a CCA on the day. Payment can be made in advance for the whole term.

## ACTIVITIES

- Arts & Crafts
- Reading Time  
In The Library
- Lego Play
- Outdoor Play
- Homework Supervision

# AFTER SCHOOL CARE

YEAR 1 - 4

YEAR 1 - 4

# UKULELE

## ABOUT THE PROGRAMME

★ A termly Ukulele course that aims to bring joy to students as they learn a new instrument. Students will learn to play the basic chords, chord progressions and eventually a full song. Forget about boring theories - the goal is for students to **sing and play the instrument at the same time!**

★ By the end of the course, students will gain a foundation in musical coordination and performance while they strum to the beat. After all, performing is not only about playing the right notes but also communicating the emotions of the songs.

## SKILLS & BENEFITS

- Brain Function and Capacity
- Coordination
- Discipline and Concentration
- Social Skills

## INFORMATION

**Partner / Instructor**  
**Mr. Mauricio Camacho**

**Year Level** Year 1 - 4

3 PM on Mondays

**Advanced Level**

3 PM on Wednesdays

## INFORMATION

**Partner / Instructor**  
Vietnamese Language  
Studies (VLS)

**Year Level** Year 1 - 4

**Location** AHE Centre

**Time** (1 hour / session)  
4.15 PM on Mondays  
and  
4.15 PM on Wednesdays

## ABOUT THE PROGRAMME

★ In collaboration with **Vietnamese Language Studies (VLS)**, we are very excited to bring you a brand new type of programme - Language and Culture.

★ This is a beginner Vietnamese course designed with a strong emphasis on listening, speaking and functional fluency. Students will get the opportunity to gain **conversational skills** in the language while **learning about the Vietnamese culture**. Confidence in daily life communication - both in school and at home - is a key learning objective of this course.

## SKILLS & BENEFITS

- Problem Solving Skills
- Creative Thinking Ability
- Academic Performance
- Cultural Literacy and Awareness
- Verbal and Non-verbal Communication Skills

# VIETNAMESE LANGUAGE CONDUCTED BY VLS

YEAR 1 - 4

YEAR 1 - 4

# YOGA CLASS

## CONDUCTED BY YOGA PLANET

### ABOUT THE PROGRAMME

★ Children, as “astronauts”, are transported to Yoga Planet. Here, we are sprinkling magic to our children as they **learn yoga through storytelling in an imaginative, playful and creative environment**, where we aspire to inspire them to be curious, to discover and create.

★ Yoga Planet - the first Yoga story-telling programme in Vietnam. They are also accredited by the international Yoga Alliance and the teachers are fully certified. Yoga Planet is equipped with professional yoga skills and is passionate in helping children better understand themselves through greater awareness of their own attitudes, behaviours and emotions, as well as those of their family and society.

### SKILLS & BENEFITS

- Physical Health
- Sensory Development
- Creativity and Imagination
- Self-awareness
- Healthy Social Interaction with Peers and Parents
