INTRODU

CTION

FROM THE HEAD OF SCHOOL

Dear Anne Hill School Community,

I am filled with immense pride as I reflect on our journey and the wonderful memories we have created along the way.

We started our primary campus with just one class, and today, we celebrate the graduation of our first batch of Year 6 students. From a single campus, we have expanded to two campuses and established a bilingual school. This growth is a testament to our community's dedication and hard work.

Continuous improvement remains a cornerstone of our school. We are excited about the new sports facilities being constructed next door to the primary campus. This will provide our students with enhanced opportunities for physical development and well-being.

As we embrace change, we wish Mr. Brendan all the best as he moves to the UK. We are grateful that he will continue to contribute to the AHI community from abroad. We are thrilled to welcome Mr. Sean, who will be stepping in as the new Head of School, and also covering Mr. Brendan's role. His fresh perspective and leadership will surely bring new energy to our school.

This year's successes would not have been possible without the efforts of everyone in our community. I want to extend my heartfelt thanks to every member of our community.

To our parents, staff, and students – let's celebrate this year's achievements and look forward to another memorable year ahead!

Sincerely,

Sandy Lim

As your principal, I would like to take this opportunity to recap and review all the incredible moments of this academic year. We have had an excellent nurtured time together, learning and growing as a community. We have achieved so much together, both in and out of the classroom, and I am proud of everything we have accomplished, through various events.

As we come to the end of another academic year. This year has been remarkable, from the heights to the challenges we have faced together. Throughout the year, I have witnessed your passion and dedication towards AHI. One of my key values and moral education includes respect, responsibility, honesty and care. We want to impart to your child through character education, to teach the child the difference between needs and wants to enjoy their childhood.

We have a continuous and steady growth to our enrolment from children whose parents are from all walks of life and from different countries we welcome you all! This is a great plus as our children are exposed to multiple nationalities and cultures. Therefore, giving them a holistic education.

I would like to take this moment to thank you for your commitment support, and the moments that we have shared together. These will forever be cherished and remembered.

As we look forward to a new academic year, let us continue to strive for more excellence, success and more incredible moments together.

Thank you, Families!

Anne Hill

CO-FOUNDER
& PRESCHOOL
PRINCIPAL**

FROM THE PRIMARY SCHOOL PRINCIPAL

Dear Students, Parents, and Teachers,

As we come to the end of another academic year, it fills me with great pride to reflect everything we have achieved and all of the wonderful memories that have been created along the way.

We welcomed many new families to our community, recruited some excellent new teachers, and also made many improvements to our facilities and the quality of teaching and learning.

I'm sure everyone has their own favourite moments, but, for me, the Songkran assembly and water festival stand out in my mind. World Book Day was another fun addition to our school calendar—something I hope students will look forward to each year after year. Elsewhere, this year also marked our first ever Year 6 graduation—a historic moment in the school's history.

None of this year's successes would have been possible without the efforts of everyone in our community. In particular, I want to thank our dedicated teachers and support staff for all their commitment and hard work. They have regularly gone above and beyond to provide engaging and meaningful learning experiences.

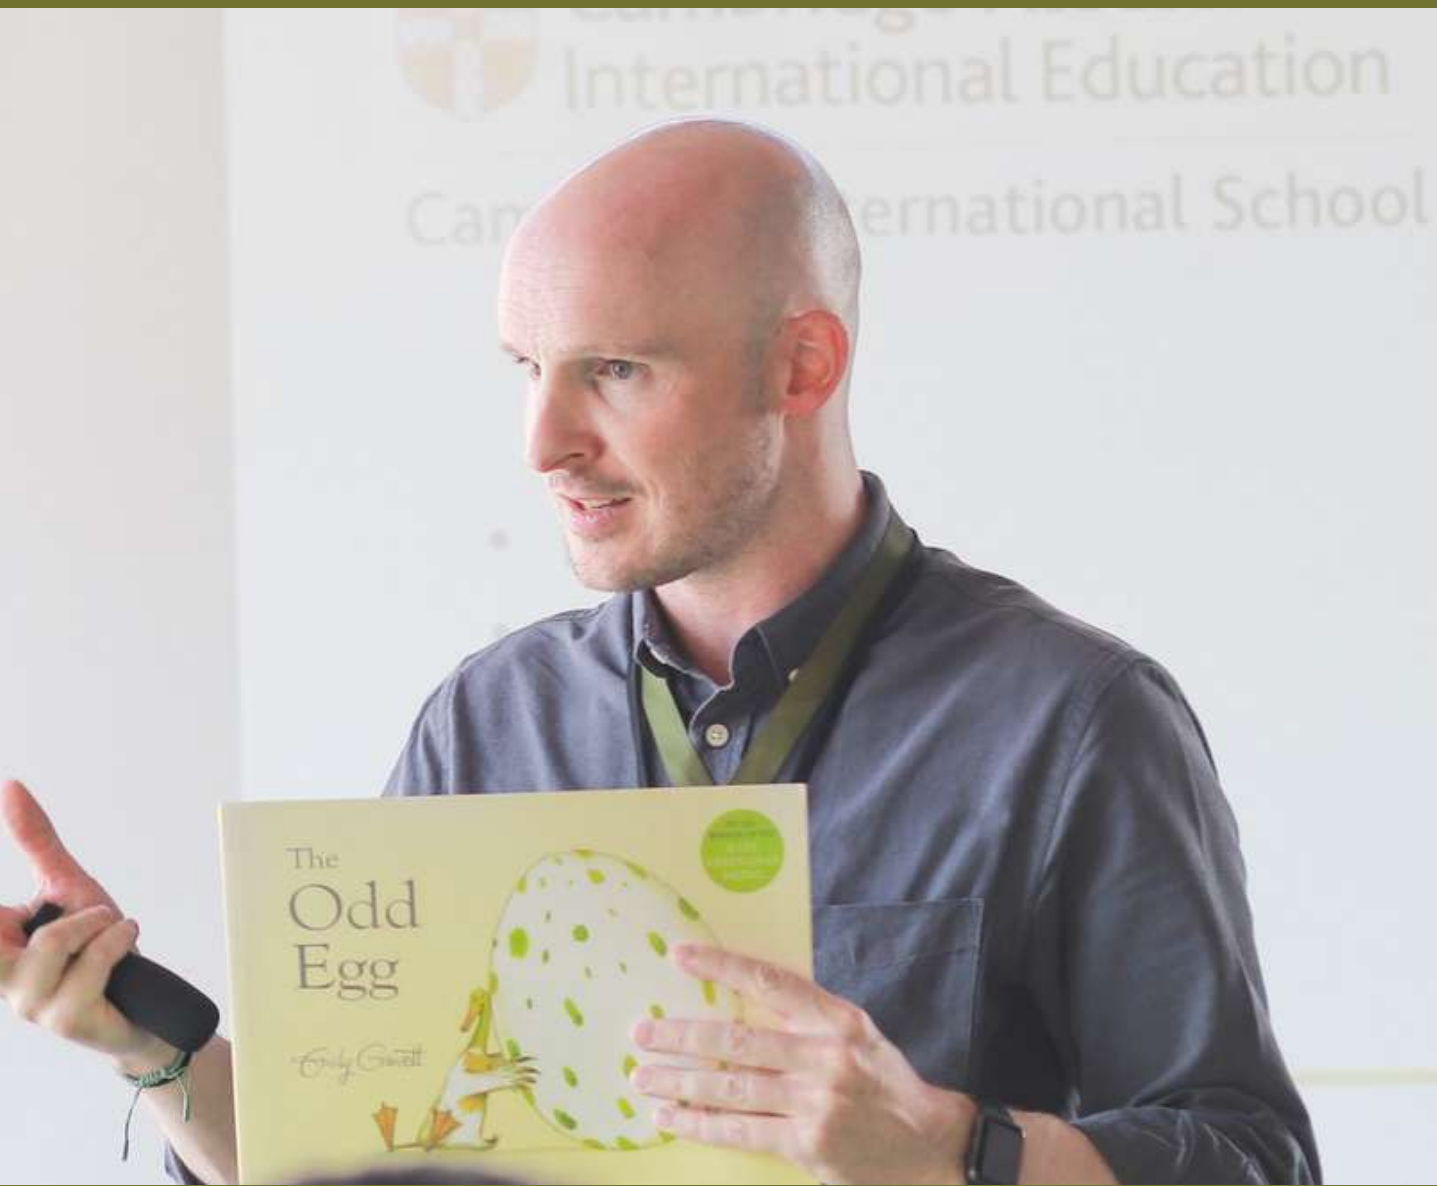

I also want to thank our parents for their ongoing support both at home and in school. Special thanks must also go out to the parents who kindly agreed to support our Mother Language Day and all those who contributed to the International Day. Both proved to be very successful events.

Finally, to our students, I hope you enjoyed this year and feel proud of everything you have achieved. As you look back through all the photographs, I hope it brings you great joy and brings back fond memories that you will cherish forever!

Best wishes,

Brendan Hearne

SCHOOL

EVENT

ORIENTATION 2023 - 2024

AHI buzzed with excitement as the 'Back to School' season for AY 2023-2024 kicked off with Orientation Day. New faces mingled with familiar ones, as new students met their classmates and existing ones reunited with friends. It was a day of anticipation and preparation, as students eagerly met their class teachers for the year ahead, readying themselves for the challenges and adventures awaiting in the new school year. Orientation Day set the tone for a year filled with learning, growth, and friendship at AHI.

SCHOOL YEAR

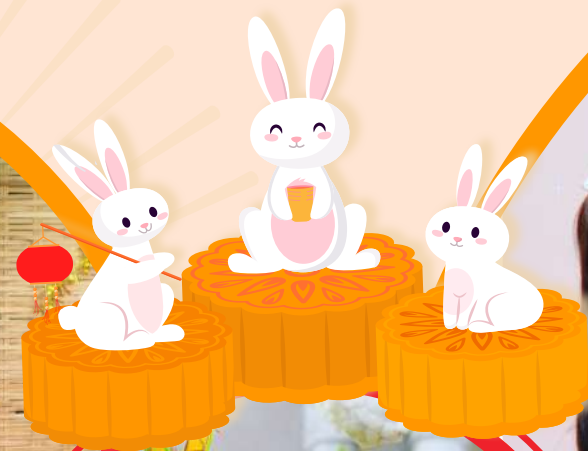

BACK TO SCHOOL

HAPPY *Mid-Autumn* Festival

The vibrant spirit of the Mid-Autumn Festival found a home at AHI this year, echoing the traditions celebrated by families and children in Vietnam. The school hosted a myriad of festivities, including lion dances, face painting, mooncake sharing, a lantern competition to vote for the best hand-made lanterns, tò he (Vietnamese toy figurines), and a photo booth to capture special moments with Chi Hang and Chú Cuoi. These activities paid homage to the rich traditions surrounding this festive occasion.

HOW - OWEEEN CHARITY BAZAAR

For the fifth consecutive year, AHI welcomed the HOW-oween Charity Bazaar with open arms and warm hearts. A joint endeavor between AHI and Helping Orphans Worldwide (HOW), the event seamlessly blended fun, support, and positive impact. This year, we hosted over 80 incredible vendors and sponsors offering dining options, market activities, a lucky draw, performances, and carnival games. And, of course, we cannot forget to mention our iconic hauntingly epic haunted house, a HOW-oween tradition that sent shivers down our spines. The funds generated from this event went to grassroots charity activities in Vinh Long, in partnership with the Social Protection Center of Vinh Long province.

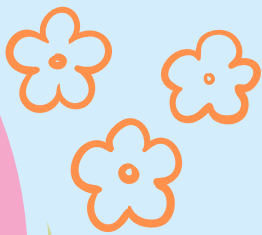

HAPPY TEACHER'S DAY

Teacher's Day at AHI is not just a moment to say thank you; it is also a moment to celebrate the bond between teachers and students that inspires and uplifts the entire community. The academic and parent community came together to organise an appreciation session, celebrating the presence of our dedicated teachers and learning and teaching assistants (LTAs). On this occasion, students crafted meaningful and creative cards, flower bouquets, and sent sincere thanks to their teachers. What began as a regular assembly transformed into a memorable celebration for our beloved teachers and teaching assistants, highlighted by meaningful performances by students dedicated to their teachers.

CHRISTMAS

Concert & Decoration

Christmas brought a festive atmosphere to both campuses at AHI. The primary school campus buzzed with holiday spirit as students and parents gathered to adorn the classrooms and hallways with festive decorations. Every nook and cranny exuded the joy of the season, from dazzling Christmas trees to intricate motifs, creating a heartwarming reflection of AHI's close-knit community. Meanwhile, the Preschool eagerly awaited its annual Christmas Concert. Themed "Frosty Fantasia" this year, the event featured over 10 performances from around the world. The talented preschool students took the stage with their vibrant voices, dances, and laughter. The atmosphere was electric, reaching peak excitement when Santa Claus made his grand entrance on his bicycle.

Tet Event

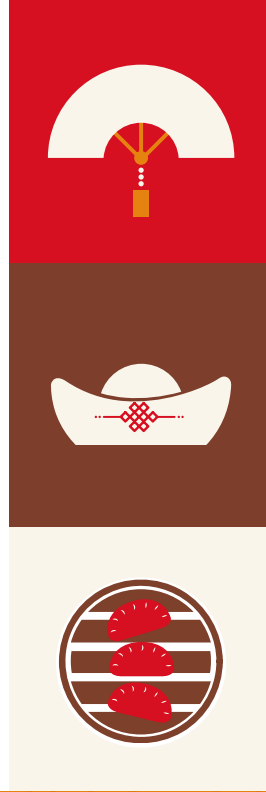

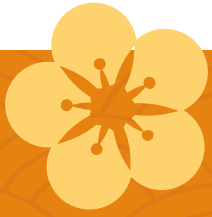

This year, the AHI community hosted the Tet celebration, marking the arrival of the Year of the Dragon. The dragon, symbolising good fortune, luck, and benevolence, set the tone for the festivities. The event unfolded on a bustling afternoon as the entire community geared up to welcome the Lunar New Year in Vietnam. Cultural performances by AHI students, traditional activity booths, magnificent lion dance performances, and wishes hung on the wishing tree filled the atmosphere.

The event served as a vibrant showcase of our community's diversity and cultural heritage. The traditional costumes worn by staff and students added to the colourful spectacle of the occasion.

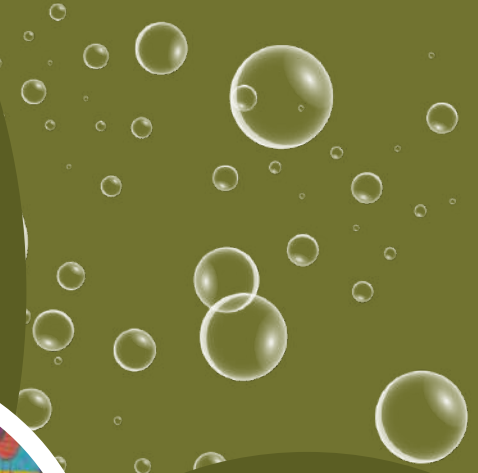

CELEBRATION
2024

OPEN HOUSE EVENT

Earlier this year, AHI warmly welcomed prospective families through its Open House events. These occasions provided new parents with a glimpse into the vibrant school life at AHI. We would like to thank all parent and student ambassadors who generously shared their experiences and testimonials during these events. Additionally, we applaud the incredible performances showcased by AHI students, which added to the memorable experience for our guests.

...a nurturing school
9:30 am - 11:30 am
Welcome | Spin Top
Music & Movement

MOTHER'S DAY

Happy Mother's Day to all the wonder women in our lives! Today, we celebrate and honour the countless ways you support us, from comforting hugs and tender kisses to nurturing meals and bedtime stories. We are deeply grateful for all the unconditional love you shower us throughout our lifetime.

Let's pause today to express our heartfelt appreciation for the incredible mothers and mother-like figures who play such pivotal roles in shaping our lives. Wishing each and every one of you a joyous and Happy Mother's Day!

FATHER'S DAY

As the school year came to an end, we came together to celebrate Father's Day with the fathers of our students. To all the fathers, we extend our deepest gratitude for being our pillar of support, our guardians, and our greatest source of encouragement. From teaching us life skills like riding a bike to cheering us on at every game, all of these actions never go unnoticed. We cherish you more than words can express. Thank you for being an integral part of AHI school life this academic year, and we look forward to your participation next year!

INTERNATIONAL DAY

2024

In line with AHI's tradition of honouring cultural diversity, this year's International Day adopted the theme "One World, Many Cultures"! Parents and students alike embraced this theme by showcasing traditional cuisines, costumes, and captivating performances. Attendees were immersed in the spirit of cultural unity as they participated in folk games and activities.

We extend our sincere appreciation to the parent community for their collaborative efforts in co-organising this event. Their dedication in representing their respective countries through engaging cultural booths added great value as students went around to collect stamps for their event passports!

EASTER

We want to remind everyone of the true meaning of Easter - a symbol of hope, renewal, and new beginnings. Let's take some time to teach children that Easter is more than just decorating eggs. It also signifies new life and a fresh start. So let's celebrate this day in a fun and meaningful way, and appreciate the beauty of life around us.

Songkran

Festival

As part of our initiative to introduce our AHI students to diverse cultural celebrations, this year, the school community observed the Songkran Festival, a Thai New Year's celebration. This festival coincides with the new year festivities of various regions in South East Asia and South Asia. The highlight of the event was the widespread use of water across the campus. During the Primary School Assembly, students were introduced to 'Rod Nam Dum Hua,' a Thai tradition where water is poured over the hands of teachers during Songkran, symbolising the seeking of blessings and forgiveness from respected elders. This was followed by a 'water fight,' during which students engaged in splashing and spraying water at each other, immersing themselves in the experience. Meanwhile, at the preschool campus, students also participated in water activities with the assistance of our beloved Bubble Man.

CHILDREN'S DAY

Happy Children's Day to our extraordinary preschool and primary students! Today, we celebrated your boundless energy, endless curiosity, and the vibrant spirit you brought to our school community. Your presence filled our school walkways with joy, and we wanted you to know how much we valued and appreciated each of you. You made our school a dynamic and special place, and we were grateful to be a part of your journey of growth and learning.

On this memorable day, we had prepared exciting activities and surprises to ensure that you had a day filled with laughter and fond memories. As you continue to explore the world, we encourage you to stay curious, be kind, and embrace new adventures. We can't wait to witness the incredible things you'd achieve. Happy Children's Day!

GRADUATION CEREMONY

Happy Graduation Day to all our fantastic preschool and primary students! Today marks a significant milestone as we celebrate your hard work, dedication, and achievements throughout your educational journey.

Your transformation into remarkable individuals fills us with immense pride, and we have full confidence that you will excel in the next chapter of your lives, whether it be at AHI or elsewhere around the world.

As we commemorate your accomplishments today, let us also take a moment to look back on the memories and lessons that have sculpted your character. Embracing the challenges ahead, may you carry forward the wisdom gained and the friendships forged during your time at our school.

FIELD TRIPS

Outdoor learning played an important role in the educational experiences at AHL, offering students enriching experiences beyond textbooks. From short trips to petting farms and educational theme parks, to longer residential trips such as Vung Tau, every year level had the chance to engage in meaningful field trips that complemented the knowledge they had gained in the classrooms. Through these field trips, students embraced the opportunity to deepen their understanding of the world around them.

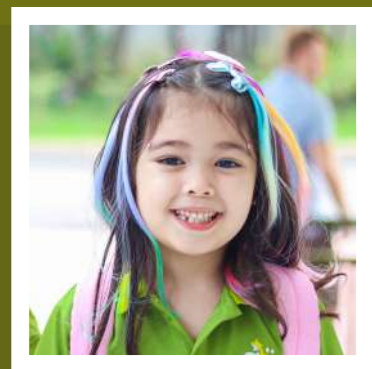

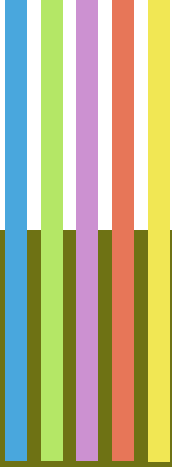

SPORTS WEEK

At AHI, Sports Week is a time when our school values of resilience, At AHI, Sports Week wasn't merely a showcase of athleticism; it was a celebration of resilience, adaptability, and sportsmanship. Throughout the week, students embraced challenges with courage, embodying the school's core values on and off the field. From activities like the egg-and-spoon race to basketball, and the excitement of standing long jump and welly wanging, Sports Week imparted lessons that extended far beyond the realm of sports. It served as a testament to the spirit of teamwork and the pursuit of excellence that defines the AHI community.

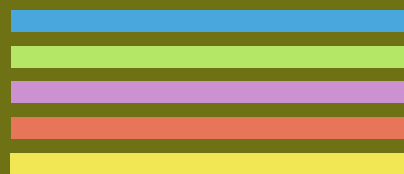

Anti-Bullying Week

From the 13th to the 17th of November, primary school students on campus participated in Anti-Bullying Week. Engaging in colourful and creative activities, such as wearing Odd Socks and sporting Wacky Hair, they embarked on a mission to celebrate differences and promote kindness and acceptance.

Aligned with AHI's mission, we believe in establishing safe spaces for students to grow and express themselves authentically. Together, we stand united against bullying, striving to create a world where every child feels valued and included!

CCAs

Afterschool Co-Curricular Activities (CCAs) were an integral part of AHI's holistic education. They provided students with a great opportunity to explore their interests, develop new skills, and make friends. Additionally, they helped students to stay active and healthy, and to relieve stress from the school day.

AHI offered various types of CCAs to cater to different interests, including Football, Chess, Little Chef, Roller Blading, Public Speaking, Languages, Art & Design, and more. Whether on the field, in the studio, or on stage, CCAs at AHI enriched the educational journey, empowering students to thrive both inside and outside the classroom.

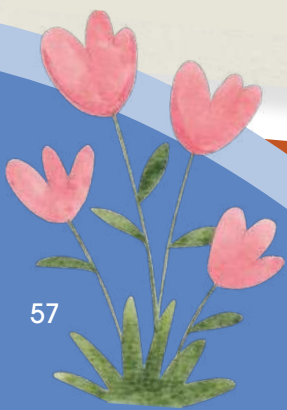

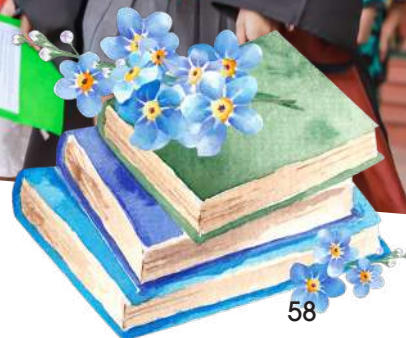

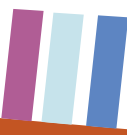

Primary World Book Day

At AHI, World Book Day is a celebration of storytelling and the joy of reading. It's a day where we come together to celebrate the magic of literature and foster a love of reading. To celebrate this, both students and teachers dressed up as their favourite book characters, participated in a parade, and listened to our very own author, Mr. David, read one of his own stories. Following this, students engaged in various book-themed activities and reading sessions in class.

Primary Earth Day

This year, we celebrated Earth Day with the theme 'Planet vs. Plastics,' aimed at tackling single-use plastic. Our goal was to foster creativity and innovation to reduce the reliance on single-use plastic. Each year, a group was tasked with a class project to transform a single-use plastic item into something practical and useful. Collectively, we were dedicated to making a tangible difference for our planet. We invite you to join us in our mission to protect our planet and inspire meaningful change. Together, let's strive for a brighter future for our Earth.

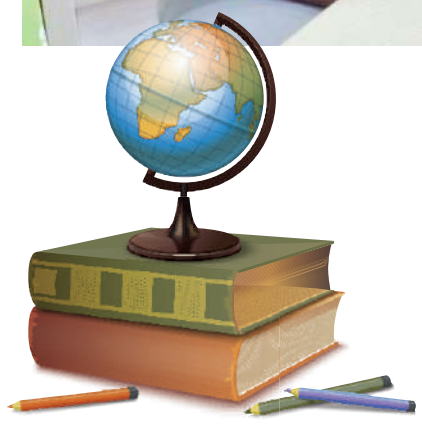

Y6 Collaboration With Singapore Students

We're on a mission to nurture cultural understanding, language proficiency, and essential skills that are key to success in today's interconnected world. As a conclusion to the Flat Stanley programme, students from Yu Neng Primary School in Singapore engaged in an exciting virtual cross-cultural exchange with our students from AHI. This helps to empower our learners with the qualities of being well-rounded, globally-minded, and lifelong learners.

SINGAPORE

Through these dynamic interactions, they will not only refine their language and interpersonal skills but also gain first-hand insights into diverse perspectives.

**GLOBAL
AWARENESS**

Singapore Teacher Leaders Visit

A group of Singaporean teacher leaders visited AHI in May to exchange ideas, share professional learning, and teach the students about Singaporean culture. Their visit aimed to foster collaboration, deepen cultural understanding, and enhance the professional development of both Singaporean and AHI educators. This exchange of knowledge and experiences strengthened the bonds between the two educational communities and opened doors for future collaborations. The visit showcased the power of partnership and highlighted the importance of global interconnectedness in education.

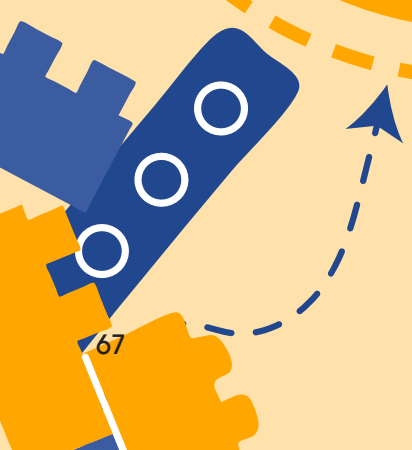

GERMS LEARNING IN NUSERY 1

In Nursery 1, we dedicated a whole week to studying germs. We learnt that germs vary in size and colour, being quite different from each other. Although we cannot see them, they are always around us. To reinforce this knowledge, we created a poster to remind us of the presence of germs in our lives and how to avoid them. Activities like this also allow students to practise working in a group, which is one of the core social skills.

We used a “blowing paints” technique to create images of germs with the help of straws. While completing this task, students learnt to control the airflow and direct it in a desired way to create germ-like pictures. It was a brand new activity for the kids, bringing so much joy and fun to everyone!

A ROBOT RUMPUS IN NURSERY 2

The children explored the theme “My Toy Shop” by making and decorating their own robots within their groups. They identified and named the robot’s body parts and even learned to speak like one, just like in the book we read – “Harry and the Robots”! They used their language skills in play situations and a variety of developmentally-appropriate contexts, such as role-play, storytelling, and giving and receiving instructions.

They also explored size and shape through construction materials, puzzles, modelling, and creative activities. This activity was not only fun but also a great way to problem-solve, think critically, and use their imagination to be creative in building their own robots out of different items in the classroom.

To The Rescue

Superheroes

NURSERY 2

The children had an incredibly engaging and enriching experience during the “To the Rescue - Superheroes” unit! Starting the year with such an exciting and memorable theme must have set a fantastic tone for the rest of the academic year. The progression from creating superhero costumes to immersing themselves in role-playing activities shows a thoughtful and comprehensive approach to learning. It’s wonderful to hear how the children were able to develop various skills and enjoy themselves throughout the unit. The integration of hands-on activities like making masks, wristbands, and capes likely made the learning experience even more meaningful and enjoyable for the students.

“Supermarket” Experience in Kindergarten Class

We embarked on an exciting journey to bring the supermarket experience into our classrooms, intertwining learning in Maths and Understanding the World. Through hands-on activities, our young learners explored mathematical concepts such as counting, sorting, and comparing while engaging in role-playing scenarios as shoppers and cashiers. As they navigated through the aisles, they gained a deeper understanding of the world around them, learning about different foods, currencies, and cultures. By immersing themselves in this interactive learning environment, our students not only honed their mathematical skills but also developed a broader perspective of the diverse community.

**MESSAGES FROM
OUR TEACHERS**

M

Ms. Katelyn Year 1A

Dear Students,

The last day of 2023-2024 school year is here! One door closes and another one is about to open soon. It was an absolute pleasure to have been your teacher the past 10 months! I want to thank each of you for all the laughter, the warmth, and the memories that we have shared.

There were so many exciting things that we learned and explored as a class family. We skip-counted in maths, planted beans in the ECO Garden for science, made "terrible playdough" just like the terrible soup in the story of Billy and the Beast, and walked our first WORLD BOOK CHARACTER parade together like shining superstars! Thank you for all that, because when I teach, I learn.

Each of you will always have a special place in my heart as we carry on with our lives. Remember to always give it 100% and strive to be the best version of yourself each day! Have an amazing summer with your family and friends!

Always,

Ms. Katelyn

Ms. Sam Year 1B

Dear Students,

I am so lucky to have been your teacher. This year was filled with so much love and laughter, along with lessons and learning. We not only learned how to read and write, but we got to learn how to work and play with numbers, we also travelled to magical and mystical lands in IPC and discovered the beautiful world around us in Science. Who knew learning could be so fun!

I am so incredibly proud of each and every student. I have seen great skills development; I've seen the beginning of beautiful friendships and I have witnessed such love and kindness. I cannot describe how happy I am to see your growth and tenacity shine through every academic and social interaction.

I hope you all continue to give your best in all you do, rise to every challenge and never ever give up! Remember how much I love you all!

Best wishes,

Ms. Sam

Ms. Jennifer

Year 1C

We have made so many wonderful and unforgettable memories this year at AHI, such as our amazing field-trip to Vietopia, when Santa came to visit us at Christmas time, growing our very own plants in the school garden, our giant water-fight during Songkran, and celebrating lots of different cultures and traditions on International Day.

Dear Students,

What a brilliant year we have just had!

I am so proud of each and every one of you. You have all worked so hard since starting school last August! The progress you have made in both English and Maths is phenomenal! Well done to you for learning how to read, practicing how to spell and write independently, and learning how to add and subtract numbers.

You have shown to be true artists this year when you made beautiful lanterns for the Mid-Autumn Festival, when you turned a pumpkin into a book character for Halloween, and when you made your very own treasure chest out of recycled materials.

It has been an absolute pleasure to work with all of you, and I will always cherish the delightful memories we have made together. You have really made my first year teaching in Vietnam so special! I wish you all the best going into Year 2 next year, as you embark on new, fun and exciting adventures!

Best wishes,
Ms. Jennifer

Dear Students,

It has been such a joy to be your teacher. You have been a wonderful class to teach! You have all worked so hard, grown and developed so much over the year. We have learnt so much together.

Ms. Hannah

Year 2A

You started Year 2 with the lovely Miss Angie. You read a book about Wolves, learnt about transport in Topic and mapped your journey to school. We enjoyed reading Water Protectors, Minpins, the Owl and the Pussy Cat, Grandad's Camper and Ocean Meets Sky. You've learnt about nouns, adjectives, verbs, adverbs and conjunctions. You've written poems, stories, fact files, recounts and made story maps. I won't forget our class poem that we wrote for World Poetry Day. "Underneath the table..."

In Math's you learnt about shapes, money and time. You made shapes with lolly sticks and our bodies, we made our own miniature money, measured our height and played team games using containers to measure water in millimetres and litres. We also learnt fractions and the four operations; addition, subtraction, multiplication and division. I also made our own clocks out of paper, when we were learning about time.

In Topic, we learnt about Metacognition which involved lots of games as part of our learning. I was impressed by all of your memories when we played the shopping list game! We learnt about feelings, zones of regulation and rainbow breathing. We also learnt about people of the past and we all dressed up and pretended to be statues in a museum! It was really interesting to learn about different people who did great things or changed the world!

You also enjoyed music with Mr David, Art with Miss Rhianne and you took part in performances for Tet, Anti-Bullying Week, World Book Day and International Day. I am so proud of each and everyone of you! As well as your learning, you've enjoyed dance breaks, songs and stories at snack time, circle-time, playing with blocks and making things during freetime.

You have learnt so much and I hope you will remember what you learnt in Year 2 in years to come. I will never forget you and I wish you all the best for Year 3 and beyond!

Thank you for being my class,

Miss Hannah

Ms. Danielle

Year 2B

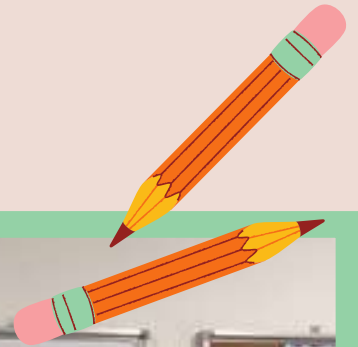

In **Class 2B**, we've had a blast,
Learning lots, friendships that last.
From Halloween's spooky delight,
To Songkran's water fight so bright.

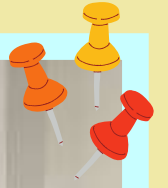

New faces joined our merry crew,
Old friends waved with anew.
World Book day, dressed up in fun,
Our adventures never done.

As this year ends, we say goodbye,
With memories cherished, soaring high.
In Class 2B, we've made our mark,
Forever shining, like a spark.
Ms. Danielle

Mr. David Year 3A

Dear Students,

We have had a wonderful year together at AHI.

We have written many imaginative and creative stories using amazing vocabulary, completed twelve different Maths books, discovered more about who we are in the world during Topic classes, played music, painted in art and learnt exciting coding skills in ICT.

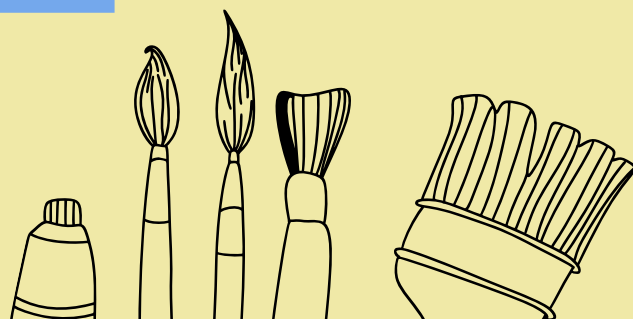

Do you remember our exciting trip to Snow Town and the Year 3 sleep over in school? Your teamwork and collaboration skills during these events were amazing! I have been really impressed by everyone's hard work and by how much you have learned. You have done an amazing job, and I am very proud of each one of you.

Enjoy your summer, and I am looking forward to seeing all the great things you will achieve next year!

Best regards,

Mr. David

Mr. Matt Year 3B

Dear Students,

We have had a wonderful year together at AHL. We have read so many books and learned a lot of interesting things. Do you remember our exciting trip to Snowtown? We also had a lot of fun during the school sleepover. Your teamwork and collaboration skills during these events were amazing!

I have been really impressed by everyone's hard work and by how much you have learned. You have done an amazing job, and I am very proud of each one of you.

Enjoy your summer, and I am looking forward to seeing all the great things you will achieve next year!

Best regards,

Mr. Matt

MS. CJ Year 4A

Dear Students,

Let's give a cheer,

For a fantastic year we've had right here!

In our classroom, diverse and bright,

We've learned and grown with all our might.

We celebrated differences, big and small,

Embracing uniqueness, one and all.

Respectful, responsible, and kind,

These values in our hearts we bind.

Empathy, oh how we've learned to feel,
 Understanding others is a big deal!
 Creativity sparked in every task,
 Imagination soaring, no need to ask.

Ethical choices, we've made them too,
 Doing what's right, through and through.
 So here's to Year 4A, full of glee,
 A year of learning, for you and me!
 Through thick and thin,
 4A, for the win!
 Remember, the journey doesn't end here.
 Keep shining brightly, Year 4!

Wishing you all the best adventures
 ahead.
 With love,
 Ms. CJ.

Mr. Mitchell

Year 4B

Dear Students,

We have had a wonderful year together at AHI. We have learned so many interesting things about fractions, the solar system, and even about starting our own businesses. Do you remember our exciting trips to Tri An lake and the rock climbing wall? Your teamwork and collaboration skills during these events were outstanding!

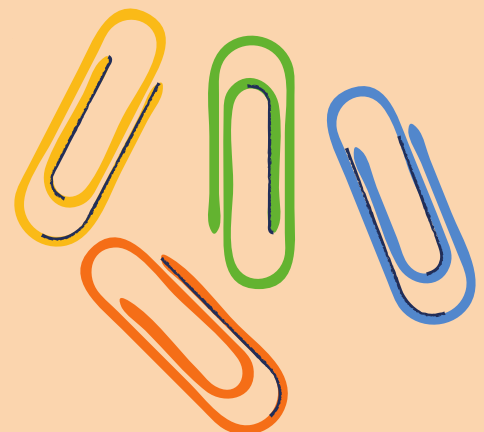

I have been really impressed by everyone's hard work and by how much you have learned. You have done an amazing job, and I am very proud of each one of you.

Enjoy your summer, and I am looking forward to hearing about all the great things you will achieve next year!

Best regards,

Mr. Mitchell

Ms. Therese

Year Y5

Dear Students,

What an exciting year we have had together! This year has been filled with incredible learning experiences for you. From developing our measurement skills in math, to exploring the atmosphere and water cycle in Science. You really enjoyed learning about why people move across the world and you showed the utmost humility and empathy when we explored the different ways to support refugees and local charities. Some of the art work you produced during this topic was beautiful.

Do you remember our exciting trip to Vũng Tàu? We had so much fun hiking, swimming and working as part of a team. I was so impressed by your collaboration skills!

You have worked incredibly hard this year, you have approached each new learning challenge with enthusiasm and determination and I have been so impressed. I cannot wait to see you all again next year, for another year of growing, learning and adventure.

Have a lovely summer break!

Ms. Therese

Dear Students,

After an amazing Year 6 together at AHI, I want to take a moment to reflect on the incredible journey we've shared. From our captivating exploration of the solar system in Mission to Mars, to our insightful discoveries about the workings of the brain in Brainwave, and our fascinating study of inventions in What Price Progress, each lesson has been a stepping stone in our collective learning adventure.

Mr. Matthew

Year Y6

One of the highlights of our year was undoubtedly our unforgettable trip to Vŭng Tàu. We conquered mountain trails, embraced the thrills of the amusement park, and relished in three days of independence away from parents! I am bursting with pride as I reflect on the dedication and progress each of you has shown this year. You have all impressed me so much with your progress in writing and I can't believe how many English books you've all gone through! Your resilience and hard work during exams were amazing, and I couldn't be prouder of each and every one of you.

I wish you all a fantastic summer and I eagerly anticipate hearing about the wonderful experiences you'll have and the goals you'll achieve in secondary school!

Best regards,

Mr. Matthew
