

Y1 & Above ASA Booklet

AY 2026-27

At AHI, we understand that education extends far beyond the classroom walls. Our dynamic After-School Activities (ASAs) are tailor-made to foster holistic development, nurturing your child's interests, talents, and values. It's not just about what they learn – it's about who they become.

Our Partners

We partner with trusted, highly skilled external providers who are experts in their fields. Each partner is carefully selected for their ability to inspire, engage, and support students as they develop essential skills in a joyful, encouraging environment.

A Look Back at ASA AY 2025-26

ASA Options

AY 2026-27

Monday Activities (Band Y1 - Y4)

Basketball

(Y1 to Y4 - 18 slots)

Fun basketball drills and mini games. Perfect for students enjoying active sports and friendly competition.

Gymnastics

(Y1 to Y4 - 18 slots)

Develop strength, flexibility, and coordination through fun, age-appropriate routines and exercises. Build confidence and body awareness.

Pickleball

(Y1 to Y4 - 10 slots)

A fun mix of tennis, badminton, and ping pong. Great for developing hand-eye coordination and quick reflexes. Suitable for beginners.

Swimming

(Y1 to Y4 - 15 slots)

Build water confidence, improve basic techniques, and enjoy being active in the pool. Led by experienced instructors.

Critical Thinking Skills

(Y1 to Y4 - 18 slots)

Critical thinking skills use modern games. They help improve communication, teamwork, and thinking skills while making learning enjoyable.

Visual Art

(Y1 to Y4 - 12 slots)

Explore various materials and art techniques, from drawing to mixed media. Express yourself artistically.

Cartoon Drawing

(Y1 to Y4 - 12 slots)

Draw expressive characters and tell stories through simple cartooning techniques. Enhance imagination, focus, and fine motor skills.

Music & Dance

(Y1 to Y4 - 18 slots)

Explore rhythm, movement, and self-expression. Learn basic choreography and enjoying different musical styles with friends.

Robotics

(Y1 to Y4 - 18 slots)

Explore robotics and programming through hands-on challenges using real robot kits. Build STEM skills, creativity, and logical thinking.

Chess

(Y1 to Y4 - 18 slots)

Learn the basics of chess to build logic, patience, and strategy. Experienced players will focus on advanced tactics while strengthening critical thinking and memory.

Monday Activities (Band Y5 & Above)

Football

(Y5 & Above - 18 slots)

Fun football drills and matches. Perfect for active children enjoying playing in a team.

Roller Blading

(Y5 & Above - 18 slots)

Learn how to balance, glide, and stop safely on roller blades. Build confidence, motor skills, and physical strength.

Badminton

(Y5 & Above - 15 slots)

Learn proper grip, footwork, and striking techniques. Help improve coordination, speed, and concentration.

Art Fun

(Y5 & Above - 12 slots)

Explore colours, textures, and materials while making fun, hands-on art projects. A space for imagination and artistic expression.

STEM

(Y5 & Above - 18 slots)

Explore, build, and experiment with science, technology, engineering, and math to create innovative real-world projects

Coding

(Y5 & Above - 18 slots)

Introduces children to basic programming concepts. Help develop logical thinking, creativity, and digital confidence.

Pickleball (4pm - 5pm)

(Y5 & Above - 10 slots)

A fun mix of tennis, badminton, and ping pong. Great for developing hand-eye coordination and quick reflexes. Suitable for beginners.

Wednesday Activities (Band Y1 - Y4)

Football

(Y1 to Y4 - 18 slots)

Fun football drills and matches. Perfect for active children enjoying playing in a team.

Swimming

(Y1 to Y4 - 15 slots)

Build water confidence, improve basic techniques, and enjoy being active in the pool. Led by experienced instructors.

Roller Blading

(Y1 to Y4 - 18 slots)

Learn how to balance, glide, and stop safely on roller blades. Build confidence, motor skills, and physical strength.

Badminton

(Y3 & Y4 - 15 slots)

Learn proper grip, footwork, and striking techniques. Help improve coordination, speed, and concentration.

STEM

(Y1 to Y4 - 18 slots)

Explore, build, and experiment with science, technology, engineering, and math to create innovative real-world projects

Coding

(Y1 to Y4 - 18 slots)

Introduces children to basic programming concepts. Help develop logical thinking, creativity, and digital confidence.

Colouring Painting Club

(Y1 to Y4 - 12 slots)

Relax and express yourself through colouring and painting. Encourage focus, patience, and artistic imagination in a calm atmosphere.

Visual Art
